Explanation Report

| Number | Source | Location | Description | Severity | Accepted |
|---------------------------------------|--|-----------------|---|-------------|----------|
| Screen: Instructional Activity | | | | | |
| 1 | Row 12 Column 2 | Screen Entry | The FTE you entered is significantly different from the number calculated above. FTE should be calculated based on the level of instructional activity in which an average full time student would be expected to enroll in a year. Please explain the reason for this variance and how your estimate was calculated. | Explanation | Yes |
| Reason: | FTE = (LD SCH/15) + (UD SCH/12) + (GR SCH/10). LD stands for Lower Division. UD stands for Undergraduate. GR stands for Graduate. SCH stands for student credit hours. The numbers represent a full year for each kind of student. | | | | |
